**COLOUR GUIDE**

Guide to Registering your donkey.

The description of your donkey when registering it is not just for interest but is an important element for security and positive identification, augmenting the many photographs you have hopefully taken.

A little time spent could prove worthwhile. Remember a 'grey dun with dark cross and pale eye rings' would describe 75% of the donkeys in this Country. Many characteristics are unique to your donkey and should be carefully detailed:- Note any white patches. Note accurately location any whorls and whether clockwise or anticlockwise. Draw on separate piece of paper if required. The following distinguishing markings should be listed:-

Muzzle pale or dark, eye rings pale or dark, jowls throat chest and belly if pale, colour of ears (rims or whole), mane, tail, dorsal stripe and possibly ventral stripe (under belly). Any star or blaze on forehead. Colour (inc. stripes) of hooves.

Include any freeze or hoof brands, or microchip numbers. Colours are the commonest cause of confusion. The acceptable lists of colours are as follows, however you may add more descriptive terms on the details for the reverse of the certificate.

**THE MMDA ACCEPTED COLOURS ARE AS FOLLOWS:**

LIGHT DUN	Very light brown	LIGHT SORREL	Softer red/pink
DARK DUN	Darker light brown	DARK SORREL	Rusty red brown
GREY DUN	Grey with light brown	BROWN/BLACK	Very dark brown with some black
DARK GREY DUN	Steel grey with brown	BLACK	All black (no other colour)
BROWN	Chocolate brown	WHITE	All white (no other colour)
LIGHT BROWN	Light chocolate brown	CREAM	All cream (no other colour)
DARK BROWN	Deeper chocolate brown	PIEBALD	Black & White
SORREL	Red tones of brown	SKEWBALD	Any other colour & white

**Please note that all registration forms must be accompanied by a covering certificate from the owner of the donkeys sire even if you as the breeder own the stallion.**

**Covering certificates may be obtained from: Mr. M. Thompson Telephone: 01822 834474**

Incorporating **THE MINIATURE DONKEY STUD BOOK & REGISTRY OF THE UK**

**NAMES PREFIXES AND SUFFIXES**

A prefix is a stud name by which all the donkeys bred by you will be known provided you register them.

The prefix is written before the foals name; e.g.. Barley High Christobell. If you sell the foal, that name cannot be changed and a suffix may not be added. You may use your prefix, which should be registered with the MMDA, if you owned the jenny (mother) when the foal was born.

If you purchase a foal that has not been registered with a prefix before it's name, you may then add your stud name as a suffix at the end of the foal's name. e.g.; Christobell of Barley High. This indicates you did not breed the donkey.

Examples: A. I own the prefix Barleyhigh. I bred a donkey called Moonshine - his full name is thus Barleyhigh Moonshine. B. I bought a donkey called Neesha. Her name is thus suffixed to become Neesha of Barleyhigh. A Prefix or Suffix remains part of the donkeys name ad infinitum, including a foreign prefix.

When applying for registration (especially foreign donkeys) please include the prefix/suffix with the name.

If in doubt please contact Malcolm Thompson: Telephone: 01822 834474 - PLEASE TELEPHONE AFTER 6 p.m.

**PLEASE MAKE YOUR CHEQUE PAYABLE TO MMDA**

Please send all completed **forms, photographs** (no photographs needed for foals) and fee of **£10.00** to:

**Mr. M.C.V Thompson, Registrar,  
Solomon's Farm, Latchley,  
Gunnislake,  
Cornwall P
